

CHANGE

Management for Utilities Conference

LEARN | SHARE | ENGAGE

September 25-26, 2017 - San Diego

Past Attendees Rave About This Conference...

"I have been in Change Management for a long time – in utilities only a short time. Thank you for the opportunity to learn from my peers and do this even better!"

Nancy R.
Change Management Strategy
Seattle Public Utilities

"I had little to no exposure to Change Management prior to attending this conference and my eyes have definitely been opened to the practice and value it brings to companies." – K.W., Technical Director, **Ulteig**

"The size of the conference allowed for me to meet a number of different people on a very personal level." – S.H., Manager, IT, **Exelon**

"It was greater than my expectations. I have definitely learned from this experience and will be practicing some of what I have learned." – N.Y., Plant Manager, **Jamaica Public Service Company**

"I now see Change Management as a deliberate structured process. Before I was doing stuff that I think worked, but with no particular structure." – R.T., Plant Manager, **Jamaica Public Service Company**

"I enjoyed having a small group of change practitioners to network with and discuss current challenges and changes." – J.C., Account Manager, **Prosci**

"Well worth the investment of time. Content rich and specific. Presenters were "spot on." Start of a great network." – K.R, Consultant, **CT Water Company**
